

IS YOUR BUSINESS MISSING OUT ON TEN\$ OF THOU\$AND\$ IN SAVINGS?

INSTALL SOLAR POWER. THE SMARTER CHOICE FOR YOUR BUSINESS.

Chromagen[™]
Solar & Energy Solutions

We have solutions to suit a wide range of applications

Small or Home based
Businesses

Industry based
Businesses

Large Commercial
Businesses

Our main common sizes include

System Inverter Size	Example Configuration based on 330w panel	Panel Nameplate Rating	Gross Price* (excl GST)	STC Quantity ¹	Net Price* (ex GST) (Discount after sale of STC)
10 kW	32 x 330W	10.6 kW	\$18,322	137	\$13,390
15 kW	48 x 330W	15.8 kW	\$25,406	206	\$17,990
20 kW	62 x 330W	20.5 kW	\$31,566	266	\$21,990
25 kW	80 x 330W	26.4 kW	\$39,584	344	\$27,200
27 kW	100 x 330W	33.0kW	\$47,680	430	\$32,200

**All prices and figures above based on complete installation & connection in 2020 and subject to site inspection.
¹ STC (Small-scale Technology Certificate). Qty of STCs created by Solar PV decreases each year by ~ 6-7%.
 Assumed STC value is \$36 per STC. The STC price is subject to market fluctuations. This is locked in at the time of contract.*

Power Generation & Potential Savings²

Nominal System Size	Example Configurations	Average Daily Generation	Estimated Annual Generation (Avg over 10 years)	Potential Annual Savings (@ 28¢ / kWh avg over 10 years)
10 kW	32 x 330W	38 kWh	13,870 kWh	\$3,880
15 kW	48 x 330W	56 kWh	20,440 kWh	\$5,720
20 kW	62 x 330W	73 kWh	26,645 kWh	\$7,460
25 kW	80 x 330W	95 kWh	34,675 kWh	\$9,705
27 kW	100 x 330W	109 kWh	39,785 kWh	\$11,135

² Based on Melbourne values in the Clean Energy Council's PV Consumer Guide. The "Potential Annual Savings" assumes 100% consumption.

Need Finance?

Take up our finance offer and be cash flow positive from day one. Check out the examples below:

POTENTIALLY CASH FLOW POSITIVE FROM DAY ONE

Nominal System Size	Potential Monthly Savings	Monthly Repayments	Potential Monthly Cash Position
10kW	\$323	\$264	\$59
15kW	\$476	\$358	\$118
20kW	\$621	\$429	\$192
25kW	\$808	\$529	\$279
27kW	\$927	\$627	\$300

Potential savings based on an electricity rate of \$0.28 exc GST and assumes 100% consumption. Based on the Chattel Mortgage offer over 60 months. Savings and repayments values exclusive of GST.

Solar Rental options are also available!

Looking to Offset Tax Liabilities?

With recent announcements from the Australian Government regarding an increase to the Instant Asset Write Off Threshold, now is a great time to consider solar for your business.

The Australian Government state:

"The higher Instant Asset Write-Off (IAWO) threshold provides cash flow benefits for businesses that will be able to immediately deduct purchases of eligible assets each costing less than \$150,000. The threshold applies on a per asset basis, so eligible businesses can immediately write-off multiple assets."

Applies until the 30th June 2020
